Thank you for your letter of October 19, 1994, authorizing the reduction of the sureties on the above mine sites. Enclosed please find bond reduction riders in duplicate for each site. Please have each of these riders executed by the state to indicate its approval, retain one rider for each mine site for your files and return one set to me.

Please note that Mr. William J. Almas is no longer with our company. All future correspondence and inquiries regarding these permits should be addressed to Michelle Rehmann, Environmental Coordinator. Please also note that Energy Fuels has moved its Denver offices. Our new address is:
